

# AGIC 2005 GIS Conference

October 26—28

Prescott Resort and Conference Center

*Collaboration:*

*Fitting the  
pieces together*

Experience GIS at its best this fall in the mile-high city of Prescott, Arizona. Three days of workshops, technical demonstrations, and activities presented by national and local professionals will keep you and your staff current on the latest GIS technologies.

Explore vendor exhibits and network with GIS professionals from across the State. Learn about current developments and challenges in a quickly changing industry and share your own insights into the world of GIS.

Whether you enter the poster contest to show off your latest project, attend the workshops to fine tune your GIS skills, or are looking to keep up to date with old friends, Prescott is the place to be in October.

## Highlights

- Keynote: Hank Garie, Executive Director, Geospatial One-Stop
- Wednesday night dinner at the Palace Restaurant
- Hiking trip to the Peavine Trail
- Thursday night exhibitor social
- Hands on sessions
